

## June Newsletter

**From This . . .**

**To This!**

### **Many Thanks for a Job Well Done!!!**

Many, many thanks to all of the volunteers who worked hard to prep for and finish off the Kinsmen Courts from start to finish. Even with Don's help with his skid steer & mini excavator, there were many sore body parts, some cuts and blisters to tend to, but hopefully the pain was worth the gain for all. We are incredibly proud of all the volunteers and so fortunate to have such a fine pickleball facility.

Some finishing touches have been added to the courts – the ball holders made by Tom Kennelly, the paddle holders made by Don Morrison and the refurbished benches by Dick Robinson. A huge thank you to Tom, Don & Dick!

**Grand Opening  
Postponed because  
of Covid 19**

**CPC will continue to  
operate under current  
posted Guidelines**

The club is in contact with the City of Cranbrook on sport restrictions, and as soon as further restrictions are lifted, the club is ready to instate a Court Schedule for club play.

In the meantime, if you are a player new to the club and having difficulty finding members to play with, we strongly advise you to use the Partner Search option in HoldMyCourt and enter your name in Court 1 or Court 2 whenever you want to play. If one other player signs up on the same court, you can play singles or practise ...it's a start!

Enter your name as Player 3 or 4 to make a group on Court 1  
or enter your name on Court 2 as Player 1 to start a new group.

Do not enter your name in any blank space on Courts 3 to 8 unless  
1 of the names on that court has invited you to play with their group.

**It is not an ideal situation playing pickleball with Covid restrictions, but we should consider ourselves lucky as some clubs in BC have chosen not to open at all**

**New Horizons for Seniors Program:** Thanks to Andy Schmaltz who applied for a grant on behalf of CPC, \$4975 was received and used to purchase the following: 20 paddles for lessons, 350 balls, a Pickelball Tutor Ball Machine, a 10' portable net and a Message Board.
