November 2022 UPDATE

### The 2022 Season was busy with activities...

A **fun club tournament** was held in August. Once the rain delay was dealt with, the day-long event was a great success! *Will be an annual event*

A **non-sanctioned tournament** was held in September attracting club, other club and out of town players. Great weather and food!  
*Happening again in 2023 – probably in August. May be sanctioned, may be non-sanctioned.*

An **Open House event** was held in April. New members joined. *Planned again for 2023*

Revolving organized play schedules, paddle-in play, lessons – **club volunteers and individual members were there to get things going**. HoldMYCourt reservation system helps keep it all humming along.

Two new round picnic tables with umbrellas were purchased and installed. **More shaded seating**.

The Acoustiblok **sound barrier was installed** by many many volunteers. Initial feedback and testing show it is reducing sound levels. Thanks to Columbia Basin Trust and City of Cranbrook for funding support.

A **shed** was purchased and **built** with secure inside court access only to house the Club's equipment.

**Thank you to all the volunteers – you are amazing!**
